Diploma (Mechanical Engineering)
Shri Shirdi Sai Institute Of Science And Engineering

2015 - 2016
Anantapur, India

Secondary School Certificate
Paradise English Medium School

📁 PROFESSIONAL EXPERIENCE

Bangalore, India

Full Stack development Training
Top Academy

I am proficient with both back-end and front-end languages. I have proficient with some technologies like spring boot, java frameworks and collections and also spring mvc and hibernate for backend technologies and for frontend I have proficient with some technologies like react, java script, scss, html css and server side for mysql.

📁 PROJECTS

Fabrication of Seed Sowing Machine

Irrigation project

Sowing machine should be suitable to all farms, all types of crops, robust construction, also it should be reliable, this is basic requirement of sowing machine. Thus we made sowing machine which is operated manually but reduces the efforts of farmers thus increasing the efficiency of planting also reduces the problem encountered in manual planting. For this machine we can plant different types and different sizes of seeds also we can vary the space between two seeds while planting. This also increased the planting efficiency and accuracy. We made it from raw materials thus it was so cheap and very usable for small scale farmers.

LANGUAGES

English

Telugu

Hindi

CERTIFICATES

- Certified in java full stack web development in Tap Academy Training.
- certified in java course in Tap Academy Training.

DECLARATION

I hereby declare that all the above-mentioned information is true and correct to the best of my knowledge.
